PsychSessions is a Canberra-based psychology practice with clinics in Deakin and Canberra City. We provide clinical psychological therapy and treatment for a wide variety of mental health conditions, including depression, anxiety, insomnia, sleep problems and eating disorders.

We are all highly trained psychologists and clinical psychologists with post-graduate degrees in clinical psychology, and are unconditionally registered with AHPRA. As such we apply evidence based treatments which have been shown to effectively treat mental illness, restore functioning and prevent relapse in most patients.

In conjunction with the Canberra Sleep Clinic we provide multi-disciplinary assessment and treatment of complex insomnia and other sleep problems.

Get your entry in for the 2021 Specialist Directory

This Directory will be published as a service to ACT General Practitioners in 2020 and distributed during July as part of "Family Doctor Week".

All existing entries will be automatically included, a confirmation letter will be sent to all practitioners listed to allow for updates where necessary.

For new entries, the application form must be completed.

In order to be included, it is mandatory that you have registered specialist qualifications recognised by AHPRA (specialist medical practitioners/GPs), AHPRA registration (allied health practitioners excluding dietitians) and dietitians should be in good standing with their professional body. AMA membership is NOT a requirement for entry in the directory.

For further information call 6270 5410 or download the application form from www.ama-act.com.au
