Prof Keith McNeil
Acting Deputy Director-General and Chief Medical Officer
Prevention Division, and Chief Clinical Information Officer
Queensland Health
GPO Box 48
BRISBANE QLD 4001

By email: [REDACTED]

Dear Keith

As the initial review of the *Medicines and Poisons (Medicines) Regulation 2021* (the 'Regulation') as it relates to QScript has been undertaken, we would be grateful for the findings of the review.

In addition, we would appreciate confirmation of the process Queensland Health will undertake to amend the Regulation following the 12-month QScript review later this year. We understand that the practice to date allows for the necessary exemptions *in practice*; however, members remain extremely concerned about the legal liability as a result of the existing Regulation.

AMA Queensland recognises the importance of QScript and its aim to minimise harm from dangerous medicines and understands many patients have avoided potential harm as a result of its implementation.

Yours sincerely

[REDACTED]

Dr Brett Dale
Chief Executive Officer
AMA Queensland
