Proudly supported by Capital Pathology

Capital Pathology is a Canberra-based, medically-managed comprehensive specialist pathology practice.

We have been providing quality pathology services to the ACT, Goulburn, Cooma, Jindabyne, South Coast and surrounding regions for nearly 50 years. We have more than 40 conveniently located collection centres across the region.

Our team of ten specialist pathologists is located at our Deakin laboratory. Our pathologists are not only directly involved in all clinical and ethical matters, but they also play an integral role in management decisions. They maintain close clinical relationships with our referring doctors and provide a comprehensive consultative and educational service. This continual specialist guidance provides the framework for the integrity and the quality of our pathology service.

Supported by a team of dedicated professionals, InMotion Orthopaedics takes the time to understand every patient and cares for them on their journey to recovery.

- Robotic-arm assisted total knee, partial knee and total hip replacement procedures
- Lower limb surgical procedures
- ACL Reconstruction
- Knee Arthroscopy
- Sports injuries
- Non-surgical options, advice and integrated care

Integrative approach

Optimising long term mobility outcomes through exploration of non-surgical options, providing advice on exercise, nutrition and lifestyle or working with other practitioners to develop your post-surgery treatment plans

Advanced technology

We stay up to date in world-leading orthopaedic technology and were instrumental in bringing Robotic assisted surgery to the Canberra region.

Evidence shows the precision and accuracy of robotic surgery improves the feel and longevity of the replaced joint.

Personalised care

We know everyone's health journey is completely different. Regardless of age, condition or injury, we listen, share the options and customise treatment plans that are right for the individual.

Appointments can be made by phone 02 6221 9321 or email admin@inmotionortho.com.au

CALVARY PAEDIATRICS

NEW ACT PAEDIATRIC GASTROENTEROLOGY SERVICE

Dr Joseph Meredith (MBBS FRACP) is now providing paediatric gastroenterology and hepatology care for children in the ACT and surrounds.

INFLAMMATORY BOWEL DISEASE

Dr Meredith has an extensive clinical background and research portfolio in paediatric IBD, within Australia and the UK.

1. Gastroscopy and colonoscopy services

Dr Meredith is the only paediatric gastroenterologist in the ACT who is qualified to perform both gastroscopy and colonoscopy services in children.

2. Fortnightly theatre list at Calvary John James Hospital, Deakin

Avoiding diagnostic delay is crucial to improve outcomes for children with Crohns disease and Ulcerative Colitis. If there is clinical suspicion for IBD, diagnostic endoscopy should not be delayed by more than 4 weeks.

3. End to end treatment

Dr Meredith will work with families before and after diagnosis to establish the best course of action and treatment plan. This may include nutritional-based treatment (Exclusive Enteral Nutrition) or Immunomodulator or Monoclonal Antibody therapies.

HEPATOLOGY

Dr Meredith has extensive clinical expertise in the diagnosis and management of paediatric liver disease.

Put the AMA Fees List to work for you

Published online annually, the Fees List is a comprehensive resource assisting medical practitioners determine their fees.

We understand that the cost of running a medical practice can be complex, and time can be hard to come by. We believe medical practitioners should feel free to make their own judgement regarding what fees to charge for any service. This is where the AMA's List of Medical Services and Fees (Fees List) comes in.

Resources and tools included with the AMA Fees List:

- Electronic files to download into practice software
- Online calculators to help determine practice fees
- Interactive dashboard to find, search and save AMA fees
- Downloadable practice resources

How to access: Visit feeslist.ama.com.au and login using your ama.com.au username and password.

The Fees List is provided to members for costing assistance and guidance only.

We're here for GPs

The AMA lobby and campaign on issues affecting GPs to ensure your voice is heard

ADVOCACY

We stand for your rights. We campaign, lobby and work with the Government to raise awareness about issues facing the GP workforce and health care.

RESOURCES

We provide the tools, information, and resources to assist GPs in their professional and business life.

LEARNING

We help GPs keep learning throughout every stage of their career through events, publications and online resources.

SUPPORT

We represent GPs on a national, regional, and local level. We work with Drs4Drs ACT to support doctors' mental health.

AMA COUNCIL OF GENERAL PRACTICE

The Council of General Practice reflects the views of the AMA's general practice members, including GP trainees. The Council develops policy focusing on general practice being properly recognised, remunerated, and integrated into the Australian healthcare system.

Canberra Equine Assisted Therapy offers trauma informed psychotherapy with the presence of horses. It is particularly helpful for those who love animals, and/or who find room-based psychotherapy overwhelming or boring. Research suggests that first responders, veterans, and teenagers with a range of mental health conditions may benefit from equine-assisted psychotherapy

UpToDate®

UpToDate is the evidence-based, physician-authored resource trusted for reliable clinical answers.

AMA, through its collaboration with Wolters Kluwer, is pleased to offer a discount on annual or longer personal UpToDate subscriptions as a special member benefit.*

UpToDate incorporates the latest medical findings, the best available evidence, and practical recommendations for patient care — so whatever your clinical question, you can be sure to find the answers you need.

With a personal subscription to UpToDate, you can:

- Benefit from the expertise and clinical experience of more than 7,400 physician authors, editors, and peer reviewers who collaborate to produce trusted evidence-based content and recommendations.
- Access more than 12,300 clinical topics in 25 specialties.
- Earn free CE/CME/CPD credits while reading topics in UpToDate and redeem the credits online or using the UpToDate mobile app.†

AMA members get the following discount on an annual or longer subscription to UpToDate:

Professionals save 15%
Trainees save 20%
Students save 50%

Get your entry in for the 2025 Specialist Directory

Add or update your listing

This Directory will be published as a service to ACT General Practitioners
in 2025 and distributed during August.

All existing entries will be automatically included, an email will be sent to
all practitioners currently listed to allow for updates where necessary.

For new entries, the application form must be completed.

In order to be included, it is mandatory that you have registered specialist
qualifications recognised by AHPRA (specialist medical practitioners/
GPs), AHPRA registration (allied health practitioners excluding dietitians)
and dietitians should be in good standing with their professional body.
AMA membership is NOT a requirement for entry in the directory.

Who's looking after you?

Drs4Drs ACT offers an **independent** and **free confidential** support service for doctors and medical students.

Drs4Drs is a non-judgmental service sensitive to the needs of doctors and medical students. We are dedicated to improving the health and wellbeing of those within the profession.

Finding the support you need

We are here to help you find the support you need – whether it be referrals to specialist practitioners, online resources, or other services. We handle calls relating to stress and mental illness, drug and alcohol problems and relationship and other personal issues.

24/7 help line

We offer a telephone help line, providing independent and confidential advice for registered medical practitioners and medical students in the ACT. Advice is also provided to anyone who is concerned about a doctor or medical student.

This includes family, friends, colleagues, university staff and clinical staff.

We can help with:

- Work related stress
- Concern for a colleague
- Relationship issues
- Psychological disorders
- Alcohol or substance misuse
- Physical impairment
- General health
